

MARTINDALE

BENEFITS

- Reduces medical errors by providing in-depth information on drugs, including global brands
- Allows search by therapeutic use, adverse effects, synonyms, manufacturers, and global trade names
- Presents brand names, manufacturer, country of origin, active constituents, and licensed uses

FEATURES

- Quick, easy access to in-depth international drug information
- Over 600 disease treatment reviews to assist with treatment protocols
- Summaries for more than 176,600 proprietary products from 40 countries
- Cross-referenced overviews of diseases and drugs used in their treatment, along with key references

The Complete Drug Reference

Trusted by more than 5,500 healthcare organizations in more than 83 countries around the world, Micromedex® provides a trusted, single source of evidence-based global drug, disease, toxicology, and alternative medicine information.

As people and products cross international boundaries, hospital, clinical, and community pharmacists alike can rely on our international drug reference to provide quick answers, no matter where medications come from, to help reduce medication errors.

As part of Truven Health Micromedex Solutions, Martindale provides unbiased information on drugs and related substances in clinical use worldwide. With summaries of relevant information, referenced abstracts, and reviews providing expanded information, Martindale is organized to quickly deliver the facts. In-depth global drug information includes:

- Generic drug names and international approved names
- Synonyms/chemical names

- “Street names” for drugs and substances
- Molecular formula/molecular weight and CAS registry numbers
- Pharmacopoeias
- Physical characteristics
- Adverse effects and their treatments
- Precautions, including contraindications
- Interactions
- Pharmacokinetics
- Uses and administration, including pharmacology and dosage
- Preparations and brand names
- Extensive facts about drugs and medicines
 - 6,700 drug monographs
 - 660 disease treatment reviews
 - 300 herbal medicine monographs
 - 149,000 preparations
 - 47,754 references
 - 18,000 manufacturers
- Preparation summaries for more than 176,600 proprietary products from 40 countries
- Details on brand names and synonyms, manufacturer and codes, country of origin, active constituents, and licensed uses

- Trusted source to check for:
 - Adverse effects
 - Precautions
 - Interactions
- Indications
- Doses
- General information on drugs, diseases, and treatments
