

# Program Integrity Solutions for Government

## Proven Tactics to Find and Eliminate Risk

### Program Integrity Solutions

Only Truven Health offers the most complete, flexible, and scalable suite of program integrity solutions available today.

- Truven Health Payment Integrity Enterprise
- Truven Health Advantage Suite®
- Truven Health DataProbe®
- Truven Health J-SURS™

Every day, millions of healthcare dollars are lost to fraud, abuse, and waste. With more than 30 years of focused subject-matter expertise, innovative fraud-fighting applications and technologies, and the industry's most complete algorithm library, Truven Health Analytics™ Program Integrity Solutions provide you with the tools you need to prevent costly drains on your program.

### The Expertise to Deliver Results

Using Truven Health decision support applications, our on-staff expert help customers extract and analyze data, select and apply algorithms, and support investigations, including the provision of expert testimony. Our experts services are designed to:

- Identify best practices, gaps, and opportunities for improvement
- Enable comprehensive data-mining and field support
- Target and evaluate payment errors
- Recover overpayments and prevent future payment errors
- Stay ahead of new scams before significant dollars are lost
- Improve compliance and conformity with best practices
- Eliminate the need for hardware purchases, staff hiring, training, maintenance, and additional investment for newly emerging fraud issues

### Results That Speak for Themselves

Our customers achieve significant process efficiencies, as well as positive financial outcomes. In one state, Truven Health identified inappropriate prescribing and dispensing patterns. The investigation led to potential recoveries of \$1.8 million from the pharmacist and \$80k from the provider. In another state, questionable ambulance transportation was scrutinized and subsequently turned up potential recoveries of more than \$1 million.

## Avoid the Chase With Truven Health Solutions

Applying our broad range of information systems, implementation, and solution development experience, Truven Health has helped more than 25 government customers and hundreds of private sector customers detect fraud, waste, and abuse and manage healthcare quality. As a result of Truven Health program integrity solutions, our customers have saved millions of dollars.

## The Elements for Success

Truven Health can help you intensify your efforts to eliminate payment error, waste, fraud, and abuse at any stage of the claims process with a combination of proven tools and tactics:

- **Decision Support Applications:** Our decision support systems have proven to be effective program integrity tools in all sectors of the healthcare marketplace.
- **Surveillance Solution:** Our DSS is a certified surveillance solution in more than a dozen states and provides easy, effective review and analysis of claims data to all users — from data specialists to medical professionals.
- **Precise Data Management:** We leverage our 30 years of experience in healthcare data quality assessment, integrating and organizing data from multiple sources to support your program integrity needs.
- **Data-Driven Analytic Methods:** We've built more than 300 analytic databases from data files supplied by more than 400 different sources using Truven Health decision support software.
- **Proven Algorithm Library:** We maintain an extensive library of algorithms that identify tried-and-true schemes, as well as emerging and hard-to-find fraud schemes. Powerful and reliable, our algorithms have uncovered millions for our clients.
- **Subject Matter Expertise:** Our team has extensive experience in advanced analytical methodologies for fraud and abuse detection and investigation in Medicaid, Medicare, and commercial environments, as well as expertise in provider and recipient profiling.
